Place 1 bottle of Focus Concentrate on top of your Sacred Scalar Focus Cube. Allow program to run through 1 cycle which takes a little over 30 minutes. After the program is finished mix 2 oz's with 1 gallon of distilled water. **(You must use distilled water, we require water that has been stripped of memory. Filtered water will not do. Our process will amplify any remaining particulates in that water).** Shake well and let stand for 5 minutes. Pour yourself a glass full and you will notice that the distilled water has been transformed into sweet tasting water. Continue drinking the water throughout the days and weeks ahead. You will quickly notice that your Focus Water quenches your thirst like no other water while dumping stored toxins. You will experience an uptake of energy while your body is hydrating. Always leave a bottle of Focus Concentrate on top of your Focus Cube. The Focus Water acts like a tuning fork, radiating the positive frequency energy directly to the cellular bio-matrix of the body and environment.
